

## ETHNO/CA NEWS:

# RELATED INTERACTIONAL STUDIES

**Last additions: 26 September 2014**

The bibliography below collects studies which, while not belonging to the EM/CA tradition proper, are 'related' to it in one way or another to, or at least 'interesting' for conversation analysts. Included are Erving Goffman's work, book and articles which provide commentaries on it, as well as selected studies in micro-ethnography, linguistic anthropology, etc. The collection is far from 'complete', of course. I have now created a separate bibliography for Interactional Linguistics.
